WELCOME

The natural playground of Trentino is waiting for you! Nature and sport are an heritage that Trentino recognizes as an enormous wealth to be shared and enhanced.

The Piné Plateau, Valsugana and Val di Cembra, in the heart of the Alps, are proud to host the 5 DAYS OF ITALY 2025, which represent an authentic concentration of the values on which we want to build the future of our small mountain communities: love for the territory, attention to young people, connection with many different cultures, and appreciation for voluntary work.

The sport of orienteering represents our communities for many reasons. Its playing field is outdoor, it respects the environment, it combines physical strength and tactical skills, it is silent and leaves no trace after its passage. Orienteering is a metaphor for life: setting a goal, establishing a strategy to reach it in the shortest possible time, giving oneself intermediate milestones, relying on, and trusting in simple tools to keep the right course.

The event will result from a collaboration between numerous sports clubs and hundreds of volunteers united by their love of sport. Thanks to all of them in advance for the time and passion they will use to organize this event.

I wish all participants excellent sporting results in our forests and in our historic villages, and above all to enjoy a unique experience in Trentino, in Valsugana, on the Piné Plateau.

- ALESSANDRO SANTUARI -
Mayor of Baselga di Piné,
President of the Organising Committee
(and orienteering athlete)

The 5 DAYS OF ITALY is also organized to allow the public to witness the spectacular moments of the JWOC and be able to compete with the champions of the future on the same terrain.

In Trentino woods, lakes and mountains are all waiting to embrace you in their timeless energy: the scent of spruce trees, the distinctive breeze of alpine lakes, the infinite horizons for you to gaze upon, all in the embrace of the Dolomites. A stroll on foot, a bicycle ride, a fly with paraglide, a night under the stars: rediscover here your bond with nature.

In this Bulletin and in future ones you can find all the information on the places you can visit when you arrive here to participate in the 5 DAYS OF ITALY, so that your week in Italy is not just a week of sport but also a holiday in nature, an opportunity to discover of this wonderful corner of Trentino.
